Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Saturday 19 Jun 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Showery rain overnight, becoming drier but mostly cloudy Sunday.

This Evening and Tonight:
Showers across northern areas will ease through the evening, but conditions becoming cloudier for all. Patchy outbreaks of showery rain then move in from the south after midnight. Minimum temperature 11 deg C (52 deg F).

Sunday:
Showery rain lingers through the early morning, largely across the Pennines, before clearing by midday. A dry day follows, rather cloudy for most but with some sunny spells across Cumbria. Maximum temperature 20 deg C (68 deg F).

Outlook for Monday to Wednesday:
Sunny spells and patchy cloud Monday, with light rain moving southwards across the region. A chilly start Tuesday, then dry with sunny spells; these conditions continuing Wednesday. Warmer by Wednesday.
